Duties

Duties

As a HEALTH TECHNICIAN, GS-0640-8, duties include:

- (1) Develops plans, procedures, goals and objectives in support of the Aerospace Medicine and Force Health Management Programs using an extensive knowledge of Department of Defense (DOD), Occupational Safety Health Administration (OSHA), United States Air Force (USAF) and Air National Guard (ANG) directives, policies and standards. Programs include physical examinations and standards, flight medicine and related aero medical and force health management concerns. Interprets directives and applies standards to determine worldwide deployability of personnel. Advises and makes recommendations to senior officials on force health issues related to physical exams, standards and flight medicine activities to ensure compliance. Determines requirements, requests funding and administers accounts for procurement of supplies, equipment, and medical assessment in support of the physical exam process, flight medicine activities and related programs.
- (2) Implements and maintains the information management systems utilized for aerospace medicine and force health protection programs. Systems include preventive health assessment (PHA) and individual medical readiness (PIMR), Aero medical Information Management Waiver Tracking System (AIMWTS), Physical Exam Processing Program (PEPP), Grounding Management Information System (GMIS) and other related programs. Compiles and completes various special and recurring reports utilizing these systems. Functions as the health systems program administrator. Identifies, develops and implements training programs which support mission essential aerospace medicine and force health management requirements.
- (3) Administers the Physical Examinations and Standards (PES) program and serves as a medical expert on related issues. Develops procedures to evaluate the effectiveness of the PES program and implements processes to ensure individual medical readiness and deployability. Reviews and resolves concerns or conflicts made by the member, supervisor, and/or commander. Identifies reports, formulates and recommends solutions to command personnel for resolution of compliance and delinquency trends and patterns which could negatively impact medical readiness. Addresses complex medical issues with members, supervisors, commanders, state staff, and higher headquarters. Identifies and analyzes abnormal findings through research using medical references and professional consultations. Using established guidelines, advises member of findings, determines additional requirements and refers to medical professionals as needed. Edits, reviews and validates physical examinations to determine qualifications for initial or continued military service. Conducts paraprofessional evaluations (an in-depth screening or interview for the purpose of gathering data for the healthcare provider) and interprets results.
- (4) Manages the Reserve Component Periodic Health Assessment (RCPHA) program. Reviews military unique individual readiness requirements. Identifies documents and ensures member is notified of abnormal laboratory or diagnostic results. Tracks PIMR and reports noncompliance information to leadership. Provides training for unit RCPHA monitors.
- (5) Acts as the Medical Group customer service expert. Addresses complex issues using independent judgment. Provides technical medical assistance to medical inquiries and responds to inquiry by researching, compiling information, generating response and providing information through written correspondence, telephone, electronic or in-person response.
- (6) Monitors the medical status of military personnel. Identifies and profiles personnel with medical conditions impacting duty performance or assignment restriction. Reviews and validates profiles disqualified for worldwide duty. Notifies and advises commanders, supervisors and unit deployment managers when a member's medical/dental condition or duty restriction affects deployable status.
- (7) Determines the need for and initiates Medical Evaluation Board (MEB) actions for duty related medical conditions. Coordinates, prepares and/or processes MEB with active duty facility. Serves as the primary local interface with the Military Personnel Flight (MPF) for MEB/Physical Evaluation Board (PEB) process, issues, and concerns. Advises individuals and commanders on appropriate procedures and responsibilities. Coordinates with military and civilian providers for required medical tests, studies and medical evaluation board proceedings. Uses applicable medical references to code medical conditions and treatments; consolidates medical information and forwards to higher headquarters as required.

--Performs additional duties as assigned.

Requirements

Conditions Of Employment
