MEMORANDUM FOR Nebraska Army National Guard, ATTN: HRO-AGR, 2433 NW 24th Street, Lincoln, NE 68524

SUBJECT: New Active Guard Reserve Statement of Understanding for Positions Requiring Suitability Determination

1. _____ (initial) I have applied or I was selected for a position requiring suitability determination as a new hire AGR (not currently a Title 32 AGR in the NEARNG).
2. _____ (initial) I understand that this position requires a broader suitability screening process in order to ensure qualified personnel serve in identified positions requiring suitability determination. This screenings process includes both state and federal level checks and could take up to six months or longer.
3. _____ (initial) I understand that Permanent Change of Station (PCS) orders will not be published until suitability screening, waivers and determination is complete and there are no disqualifying results.
4. _____ (initial) I understand that I will be allowed to attend military training required for the position during the suitability screening processing. The determination to allow me to attend training will be based on the outcome of state or local screening.
5. _____ (initial) I have been provided Army Directive 2018-16 dated 8 November 2018, SUBJECT: Suitability Criteria for Military Personnel in Specified Positions. I have the option to meet with a JAG officer for assistance. I understand I must review my personal background based on the suitability screening process. The decision to go through suitability screening and accept an AGR position with a pending suitability determination is my own personal decision.
6. _____ (initial) I understand that if I am not subsequently approved for assignment to a position requiring suitability determination, I may request to be voluntarily released from the AGR program at any time. If approved my voluntary release will result in a one year waivable disqualification from re-entry into the AGR Program, IAW NGR 600-5, Table 2-1.

SUBJECT: New Active Guard Reserve Statement of Understanding for Positions Requiring Suitability Determination

7. _____ (initial) I understand that if I am not approved for assignment to a position requiring suitability determination, I will be notified of suspension and removal from my assignment. Depending on the outcome and type of offense, I may be able to appeal, be mandatorily or involuntarily released from the Active Guard and Reserve (AGR) program, IAW NGR 600-5, Paragraphs 6-4 and 6-5. Reassignment to another AGR position that does not require suitability determination will not be considered as a non-career status AGR on my initial tour. If released, I will revert back to a drilling status as a traditional member.
