Duties

Duties

As a AIRCRAFT MECHANIC, WG-8852-8/10/12, duties include:

-- Manages, monitors or performs overall maintenance, servicing, inspections and documentation for one or more highly technical, high performance military aircraft. Performs work in complex conditions under time and/or mission constraints to include all weather and night operations. Works with, coordinates and oversees the work of lower graded aircraft mechanics and certifies the work of journey level workers in other trades working on the assigned aircraft. Performs damage assessments and repairs. Participates in mission preparation and recovery operations. Oversees installation of equipment for special missions. Expedites aircraft operations to include concurrent servicing, refueling, and/or reconfiguration of equipment for changes in operational missions. Performs preflight, thru flight, and post-flight inspections and scheduled or unscheduled maintenance. Serves as the technical authority to identify and advise on requirements for airframe, mechanical, electrical/ environmental, avionics, engine, and pneudraulic repairs on assigned aircraft. Works closely with maintenance supervisor(s) and production control personnel to report and maintain current aircraft status.

-- Requests maintenance services exceeding AASF capabilities or time constraints. Controls and performs work assignments based upon priorities, workload, availability of parts, facilities, material and personnel. Coordinates with maintenance supervisor(s) and production control on maintenance requirements to aircraft that require adjustment to changes in operational requirements. Observes and inspects performance of other workers work to insure compliance with applicable technical publications, directives and local policy. Accomplishes operational tests of aircraft systems and components.

-- Oversees ground movement of aircraft. Incumbent launches, recovers, parks and services aircraft. Makes diagnoses and solves malfunctions of aircraft systems and components by utilizing a wide variety of complex, state of the art computerized and/or non-computerized Test Measurement Diagnostic Equipment (TMDE); by studying layout drawings, blueprints and wiring diagrams; and analyzing specifications and operating characteristics of aircraft and their components. Assists AVCRAD/DEPOT level maintenance activities on individual assigned aircraft discrepancies as required.--

-- Ensures Aircraft Notebook (ACN) and other aircraft documentation accurately reflects status and airworthiness of assigned aircraft. Provides technical guidance and assistance to flight crews regarding observed discrepancies, experienced in-flight characteristics and system malfunctions. Performs or assists in aircrew debriefing.

-- Clears Red X status symbols on aircraft forms for work performed by others. Performs in-process and final inspection of others' work on assigned aircraft and components and certifies by signature adherence to work procedures and quality standards established by applicable publications. Participates in Maintenance Test Flights as a crewmember or Technical Observer (TO), as required. May participate in operational flights as a crewmember or Flight Engineer. Makes decisions on a wide range of matters to ensure assigned aircraft is in the highest state of readiness and that maintenance performed is in accordance with the highest standards of safety, quality and technical compliance.

-- Plans, develops and conducts proficiency training during the technician work week to a multi-faceted workforce comprised of Full Time Support (FTS) and supported unit personnel. Sessions are designed to provide training in techniques of repair and maintenance of aircraft and related equipment. Conducts and certifies proficiency of trainees for additional or increased responsibilities. Evaluates training by observation of performed tasks. Continuously assesses skill level and proficiency of assigned personnel.

-- Prepares for and participates in various types of readiness evaluations, inspections, mobilization and support exercises. Performs such additional duties as structural fire fighting, aircraft fire/crash/rescue duty, security guard, snow removal, munitions loading and handling, maintenance of facilities and equipment or serves as a member of teams to cope with natural disasters or civil emergencies. Travels in military aircraft and drives/operates military vehicles/equipment. Participates in various periods of temporary duty away from the place of assignment, as required.

-- Complies with safety, fire, security, environmental, and housekeeping regulations. Ensures material and equipment are properly and safely maintained and protected.

-- Performs other duties as assigned.

Requirements

Conditions Of Employment

Military membership in the Nebraska National Guard Membership is required.

Males born after 31 December 1959 must be registered for Selective Service.
Obtain/maintain the level of security clearance/background check required
May be required to successfully complete a probationary period.
Direct Deposit is mandatory
Individuals with military incentive bonuses may be subject to recoupment.

Qualifications

NATIONAL GUARD MEMBERSHIP IS REQUIRED: This is a Title 32 excepted service position that requires membership in a compatible military assignment in the National Guard. Selectee will be required to wear the military uniform. Acceptance of an excepted service position constitutes concurrence with these requirements as a condition of employment. Applicants who are not currently a member of the National Guard must be eligible for immediate membership and employment in the National Guard in the military grade listed in this announcement.

FOR QUESTIONS REGARDING ELIGIBILITY TO JOIN THE NEBRASKA ARMY NATIONAL GUARD PLEASE CONTACT THE LOCAL RECRUITING OFFICE AT 402-309-7458.

OPEN AREAS OF CONSIDERATION: AREA 1, 2 and 3

DEFINITION OF AREA(S) OF CONSIDERATION:

AREA 1: Current permanent and indefinite technicians of the Nebraska Army or Air National Guard; and current Title 5 employees of the Nebraska Military Department who are military members of the Nebraska National Guard.

AREA 2: All Drill Status/M-Day members and temporary technicians of the Nebraska Air or Army National Guard.

AREA 3: Current military service members who are willing and eligible to become members of the Nebraska Air or Army National Guard.

AREA 4: All qualified candidates eligible and willing to become a member of the Nebraska National Air or Army National Guard prior to the effective date of hire.

MILITARY REQUIREMENTS:

Compatible military grade and assignment required prior to the effective date of placement. This is an excepted service position that requires membership in a compatible military assignment in the Nebraska Air National Guard. Applicants who are not currently a member of the National Guard must be eligible for immediate membership. If you are not sure you are eligible for military membership, please contact a National Guard recruiter prior to applying for this position.

Military Grades: Maximum: E6; Minimum: E1; Military Grade inversion within the full time work forces is not permitted. The military grade of the full time supervisor must equal or exceed the military grade of the personnel supervised.

Compatibility will be followed in accordance with 32 USC 709(b) and 10 USC 10216

Compatibility requirements must be met prior to appointment to the position. Selectee has 24 months to become qualified in a compatible military assignment.

Security Clearance/Background Check requirements:

In order to comply with US DOD requirements and ensure the safety and security of the missions, programs, property and personnel of the Nebraska Military Department, employees must obtain the appropriate background investigation and maintain the level of security clearance assigned to their respective work.

Failure to obtain, within one year of appointment, and maintain the designated type of security clearance/background check required for the respective work may result in a job offer being rescinded, separations of employment, or other actions as may be deemed in the best interest of the agency.

Prior to appointment individuals must meet the security clearance requirements for the position or submit the required documents of the Nebraska National Guard, Personnel Security Manager for processing the appropriate investigation. Required forms: SF86, PSIP Initiation Form, Fingerprints, OF306 and Application/Resume.

Nebraska National Guard Personnel Security Manager - Please send all inquires to ng.ne.nearng.mbx.persec@army.mil

SELECTIVE PLACEMENT FACTOR: To qualify at the WG-8852-12, individual must possess current Aircraft TI orders or A&P license on the airframe worked on IAW TC 3-04.7 and DA PAM 738-751.

GENERAL EXPERIENCE: Experience or training that has provided the candidate with the skill to remove and replace aircraft parts, accessories, and components, and to make adjustments and settings according to established specifications on the type of aircraft flown by the AASF. Must be skilled in the use of hand tools and test equipment.

SPECIALIZED EXPERIENCE:

WG-08: 12 months experience or training in use of common hand tools to make mechanical repairs. Experience removing and installing aircraft parts, components and accessories with detailed guidance. Experience in following detailed instructions in making routine, reoccurring repairs and modifications to aircraft parts, subassemblies and components, e.g. such as jacking and leveling aircraft, installing and adjusting engines,

landing gear assemblies, instrument panels, and flight control systems.

WG-10: 18 months experience or training installing, adjusting, aligning, troubleshooting and functionally testing the various major and minor mechanical and pneudraulic systems on an aircraft during overhaul or modification. Experience coordinating the work of other mechanics, and scheduling maintenance to ensure completion of critical actions and optimum workflow. Must have the ability to instruct lower graded mechanics, military and other personnel in the disassembly and re-assembly of crash damaged engines, transmissions, gearboxes, hydraulic components, and fuel controls sufficient for the exhibit to be returned to its shipping container.

WG-12: 24 months experience or training installing, adjusting, aligning, troubleshooting and functionally testing the various major and minor mechanical and pneudraulic systems on an aircraft during overhaul or modification. Experience coordinating the work of other mechanics, and scheduling maintenance to ensure completion of critical actions and optimum workflow. Must have the ability to instruct lower graded mechanics, military and other personnel in the disassembly and re-assembly of crash damaged engines, transmissions, gearboxes, hydraulic components, and fuel controls sufficient for the exhibit to be returned to its shipping container.

Education

There is no substitution of education for this position.

Additional Information

If you are a male applicant who was born after 12/31/1959 and are required to register under the Military Selective Service Act, the Defense Authorization Act of 1986 requires that you be registered or you are not eligible for appointment in this agency (<https://www.sss.gov/RegVer/wfRegistration.aspx>).

CONDITIONS OF EMPLOYMENT & NOTES:

1. Must be able to obtain and maintain the appropriate security clearance of the position.
2. This position is covered by the Domestic Violence Misdemeanor Amendment (30 Sep 96) of the Gun Control Act (Lautenberg Amendment) of 1968. An individual convicted of a qualifying crime of domestic violence may not perform the duties of this position.
3. Ability to establish effective professional working relationships with coworkers and customers, contributing to a cooperative working environment and successful accomplishment of the mission.
- *4. Irregular and/or overtime (compensatory) hours may be required to support operational requirements or contingencies or may be required to work hours outside of the normal duty day.
5. The duties and responsibilities of your job may significantly impact the environment. You are responsible to maintain awareness of your environmental responsibilities as dictated by legal and regulatory requirements, your organization, and its changing mission.

How You Will Be Evaluated

How You Will Be Evaluated

Once the announcement has closed, your resume and supporting documentation will be used to determine if you meet the qualifications listed on this announcement. Your answers to the assessment questionnaire will be verified against information provided in your resume and other supporting documentation. Be sure that your resume clearly supports your responses to all the questions addressing experience and education relevant to this position.

In describing your experience, please be clear and specific, we will not make assumptions regarding your experience. If, after reviewing your resume and supporting documentation, a determination is made that you have inflated your qualifications or experiences, your rating will be adjusted or you may be excluded from consideration for this position.

Your qualifications will be evaluated against general and specialized experience under the "Qualifications" section and against the following competencies (knowledge, skills, abilities and other characteristics):

Aircraft Maintenance, Attention to Detail, and Technical Problem Solving

To preview the assessment questionnaire, please use the following link: <https://apply.usastaffing.gov/ViewQuestionnaire/12704195>
