## Duties

As a AIRPLANE PILOT, GS-2181-13, duties include:

1. Pilots advanced, single or multi-engine military airplane, high performance military fighter aircraft on tactical/non-tactical assigned missions using advanced precision instrument flight techniques in conjunction with air navigational aids. Flies well within flight parameters (e.g. speed and loading) to execute normal flights procedures and standard maneuvers in all weather conditions from point-to-point (domestic/foreign) using fully adequate landing areas. Maintains a thorough knowledge of the aircraft systems and procedures under normal, instrument, and emergency conditions. Maintains mission qualifications in the assigned airplane.
2. Prepares for flight to include: securing current and forecast weather information to determine conditions along the proposed route of flight and at the destination; plans the flight through the study of maps and charts to determine routing, intermediate stops, alternate destination, fuel requirements, estimated flying time and, if required, files the airplane flight plan; checks or verifies that the airplane is ready for flight, including such aspects as loading and weight distribution, maintenance or service conditions, and performing prescribed pre-flight checks; ensures that any passengers and crew members are briefed on the nature and purpose of the flight and the procedures to be followed in an emergency; and obtains the proper clearances to begin the flight.
3. Operates the airplane with the utmost safety to include: adhering to flight procedures and parameters specified in the airplane flight manual; communicating and coordinating with ground units and controlling activities; monitoring performance of the airplane and progress of the flight; and takes corrective action, including the use of emergency procedures as required.
4. Accomplishes post-flight activities to include: maintaining airplane logs and forms; writing flight reports; coordinating with maintenance personnel on service conditions; and conducts post-flight checks.
5. Serves as the Air Commander's representative when performing duties as Supervisor of Flying (SOF) and is responsible for the safe and efficient mission accomplishment of the unit. The SOF has the authority to cancel flying activities, divert aircraft, dictate mission requirements, approve specific activities, coordinate for airport or airspace utilization with FAA, and direct emergency actions involving UE airplanes.
6. Performs other duties as assigned.
